

- THE DYNAMIC DIGEST - UPDATE 193

The current financial reality in South Africa has increased businesses' necessity for meticulous budget planning. Data Dynamics' Annual Maintenance Agreement System (AMA) makes budgeting simple; clients are quoted a pre-determined amount for the annual period, thus no unexpected additional costs are incurred throughout the year.

Convenience is key, as your investment asset is effectively serviced with one payment per year – access to the latest updates will no longer be an administrative burden. This payment option is especially beneficial to clients opting to update their libraries via our website.

Our Sales Team will assist clients wishing to convert from periodic invoicing (pay-per-update system) to an Annual Maintenance Agreement.

Disc Storage

We wish to remind you that it is essential that the initial Insight Installation Disc be retained in conjunction with only the latest update disc. Once a new update disc is received, any previous update discs are deemed redundant and should be discarded.

The Insight installation casing accommodates two discs, specifically for storing the original installation disc and the latest update disc together. This set is adequate for auditing purposes, as update discs are inclusive of all preceding updates.

Please visit our website (www.ddyn.com) for the latest product developments. The website also includes additional technical support and "how-to's" regarding the Insight Document Browser.

ARE YOU READY?

Businesses across the board are being faced with new compliance challenges with the ascension of the Consumer Protection Act 68/2008. According to Government's Official statement its primary purpose is to prevent exploitation or harm of consumers and to promote the social well being of consumers (<http://www.info.gov.za/speeches/2009/09043016051001.htm>).

The promotion of such a fair, accessible and sustainable marketplace for consumer products and services entails added administrative and legal responsibilities of suppliers and service providers.

Certain sections of the new Act are commencing as soon as April 2010.

Be sure to contact our Sales Team to add this vital Act to your library before compliance is due.
