

- THE DYNAMIC DIGEST -

UPDATE 197

LEGISLATION OF INTEREST

The long-awaited *Model Air Quality Management By-Law* has been published by the Department of Environmental Affairs in terms of the *National Environmental Management Act (Act 107/1998)*, for easy adoption and adaptation by municipalities. The aim of the model by-law is to ensure uniformity across the country when dealing with air quality management challenges.

Tax filing season is here again, as published by notice under the *Income Tax Act (58/1962)*.

DISC STORAGE

We wish to remind you that it is essential that the initial Insight Installation Disc be retained in conjunction with only the latest update disc. Once a new update disc is received, any previous update discs are deemed redundant and should be discarded.

The Insight installation casing accommodates two discs, specifically for storing the original installation disc and the latest update disc together. This set is adequate for auditing purposes, as update discs are inclusive of all preceding updates.

Please visit our website, www.ddyn.com, for the latest product developments. The website also includes additional technical support and "how-to's" regarding the Insight Document Browser.

INSIGHT TIP

Re-Installing Insight

Step 1: Locate the INSIGHT DVD case containing the original INSIGHT installation disc as well as the latest update disc.

Step 2: Use the Windows "Add/Remove" Programs function to un-install a previous INSIGHT installation.

Step 3: Install INSIGHT by inserting the installation disc into the CD drive and running "Setup.exe" from the disc. Follow the onscreen prompts to complete the installation. After the installation has completed, run the INSIGHT Document Browser before proceeding to Step 4.

Step 4: Insert the latest INSIGHT update disk (marked with a "UD" number into the CD drive and run "InsDataUD.exe" from the disc. Click "Full Re-Install" to re-install all data files inclusive of all preceding updates.

Please consult your Insight Help File for more information.
