

- THE DYNAMIC DIGEST - UPDATE 200 & ELL UPDATE 16

LEGISLATION OF INTEREST

This month we release the second and final edition of updates to our **Environmental Provincial & Local Legislation Library (ELL)** for 2010. The sheer volume of quality content, particularly By-laws, promulgated over the last few months has enabled us to compile this bumper update.

ELL is updated bi-annually in April & October. The **ELL** update is combined with the National update on one disc to streamline the update procedure for your convenience.

Did you know that there are approximately 80 Acts with Regulations under these Acts, as well as Provincial Ordinances & By-laws controlling the environment? With constantly-changing legislation and increases in fines, it is sometimes difficult to be sure you're remaining compliant. To minimise risk, companies should be aware at all times of, and in possession of, the relevant environmental legislation that can have an economical or operational impact on their business.

Comprising National & Provincial Acts and Ordinances, Local By-laws, International Conventions, Green & White Papers and current Bills & Drafts, Data Dynamics' **ELL** offers you a simple and easy way to stay up-to-date. Give us a call at 031-2628240 or visit our website at www.ddyn.com to find out more.
