

## - THE DYNAMIC DIGEST -

### UPDATE 207

#### REVISED PREFERENTIAL PROCUREMENT REGULATIONS GAZETTED

The National Treasury has released the revised Preferential Procurement Regulations, which have been aligned with the aims of the Broad-based Black Economic Empowerment Act and its associated Codes of Good Practice. The regulations have also been aligned with the government's Industrial Policy Action Plan.

The Treasury outlined some of the main changes contained in the revised regulations:

- Points for price to remain unchanged while bidders will now score up to 20 or 10 points for their B-BBEE status level of contribution.
- All bidders to now submit BEE rating certificates, issued by either verification agencies accredited by the South African Accreditation System (SANAS) or by registered auditors approved by the Independent Regulatory Board for Auditors (IRBA).
- Threshold for the distinction between the 80/20 and 90/10 preference point system has increased to R1 million to stimulate the development of small enterprises.
- Revised regulations will also apply to schedule 2, 3B and 3D public entities which were previously exempt – to promote uniformity throughout the public sector procurement system. (The full list of public entities can be found on the [National Treasury](#) website.)

All national and provincial government business enterprises will fall within the scope of the revised Preferential Procurement Regulations.

The new regulations will come into effect on 7 December 2011 to allow enterprises to become BEE rated. This will also give supply chain practitioners time to be trained on the implementation of the revised regulations.

#### INSIGHT TIP

#### UPDATE REGISTER

The Update Register provides a quick and easy way to track and access your updates.

Updates listed on the register reflect changes to the legislation as issued by Data Dynamics and do not cover all South African legislation.

The register also offers a library-specific view, providing a list of updates which are tailored to your library. Updates for acts included in your library are hot-spotted. Once the new updates have been installed using either the update disc or the Insight Download Manager, the full text of the update may be accessed via the hotspot.

To use this tool, click on the Update Register button which is located on your Insight toolbar.

This feature requires internet access.

Should you require assistance with using this tool, please do not hesitate to contact us.
