DR A MOTSOLEDI, MP
MINISTER OF HEALTH

DATE: 8/5/2018

REPUBLIC OF SOUTH AFRICA

CONTROL OF TOBACCO PRODUCTS AND ELECTRONIC DELIVERY SYSTEMS BILL

*(As introduced in the National Assembly (proposed section 76); explanatory
summary of Bill published in Government Gazette No. 41617 of 9 May 2018) (The
English text is the official text of the Bill)*

(MINISTER OF HEALTH)

[B —2017]

BILL

To provide for control over smoking; to regulate the sale and advertising of tobacco products and electronic delivery systems; to regulate the packaging and appearance of tobacco products and electronic delivery systems and to make provision for the standardisation of their packaging; to provide for standards in respect of the manufacturing and export of tobacco products and electronic delivery systems; to prohibit the sale of tobacco products and electronic delivery systems to and by persons under the age of 18 years; to prohibit the free distribution of tobacco products and electronic delivery systems; to prohibit the sale of tobacco products and electronic delivery systems by means of vending machines; and to provide for matters connected therewith.

PREAMBLE

ACKNOWLEDGING that tobacco use—

- is extremely injurious to the health of smokers, non-smokers and other users of tobacco products; and
- has caused widespread addiction in society;

CONSIDERING that the extent of the harmful effects of the use of tobacco products on health calls for strong action to deter people, especially the youth, from using tobacco products, to protect non-smokers from exposure to tobacco product emissions and to encourage existing users of tobacco products to quit;

CONSIDERING FURTHER that nicotine is a highly addictive and toxic substance, that the long term harmful effects of using electronic delivery systems remain unknown, that the use of electronic delivery systems may encourage the practice of smoking and that the marketing and promotion of electronic delivery systems may target or influence young people and children;

RECOGNISING that there should be a precautionary approach to the regulation of electronic delivery systems;

REALISING that the association of the use of tobacco products with social success, business advancement and sporting prowess through advertising and promotion may have the particularly harmful effect of encouraging children and young people to use tobacco products; and

RESOLVING to align the health system with the democratic values of the Constitution and the World Health Organisation's Framework Convention on Tobacco Control, and to enhance and protect the fundamental rights of the society by—

- discouraging the use, promotion and advertising of tobacco products;
- regulating the packaging and appearance of tobacco products so as to reduce the appeal of tobacco products to consumers;
- increasing the effectiveness of health warnings on the packaging of tobacco products; and
- reducing the ability of the packaging of tobacco products to mislead consumers about the harmful effects of smoking or using tobacco products,

in order to reduce the incidence of tobacco-related illness, disability and death,

BE IT THEREFORE ENACTED by the Parliament of the Republic of South Africa, as follows:—

- (b) a statement describing or information on the product's constituents and emissions;
- (c) a photograph or picture relating to paragraph (a)(i) and (ii), whether as part of or in addition to any message about the effects of the product.

(2) The packaging for an electronic delivery system must contain such health warnings as may be prescribed.

(3) The packaging of a relevant product must contain a leaflet, which must be in the prescribed form, of the prescribed size and have the prescribed appearance and which must contain nothing else except of the following information:

- (a) The harmful health, social, economic or other harmful effects of using the product;
- (b) the beneficial effects of stopping the use of the product or of not using the product;
- (c) reference to the class of tobacco product to which the product belongs, or to the product's brand as a tobacco product of any class or variant of a brand of a tobacco product of any class;
- (d) the harmful constituents present in the product;
- (e) descriptive information on the additives present in the product;
- (f) descriptive information on the harmful emissions present in the smoke; and
- (g) any other prescribed information.

Standards for manufacturing and importing of tobacco products and electronic delivery systems

7. (1) No person shall manufacture for sale or import a tobacco product or electronic delivery system unless it complies with such standards as may be prescribed and has been tested in the prescribed manner and using prescribed methods.

(2) All relevant products must be imported through the places of entry in the Republic appointed or prescribed in terms of the Customs and Excise Act, 1964 (Act No. 91 of 1964), and maybe detained for inspection by the relevant authorities.

(3) Any relevant product which does not comply with the prescribed standards may be destroyed in the prescribed manner at the cost of the manufacturer or importer.

Prohibitions in respect of tobacco products and electronic delivery systems

8. (1) No person shall sell or supply any relevant product to any person under the age of 18 years.

(2) The owner or person in control of any business must ensure that no person under the age of 18 years in his or her employ or under his or her control, as the case may be, sells, or offers sale or handles any relevant product on the business premises or on behalf of the business.

(3) No person shall sell or supply any confectionary or toy that resembles or is intended to represent any relevant product.

(4) No person shall sell or offer for sale any relevant product in—

- (a) any health establishment contemplated in section 1 of the National Health Act, 2003 (Act No. 61 of 2003), including any pharmacy; and
- (b) any place where a person under the age of 18 years receives education or training.

(5) No person shall sell, offer for sale, supply, distribute or buy a relevant product through the postal services, the internet or any other electronic medium, or by any other remote means.

(6) Subsection (5) does not apply to any commercial communication between a manufacturer or importer and its trade partners, business partners, employees and shareholders.

Regulations

9. (1) The Minister may make regulations regarding—

- (a) any matter which may or must be prescribed in terms of this Act;

- (b) the sale of any relevant product and the signs that must be displayed at points of sale, including—
 - (i) information that must appear on the sign;
 - (ii) size and format of the sign; and
 - (iii) location of the sign;
- (c) the health warning messages and other information that must appear, or information that may not appear, on the packaging and labeling of any relevant product, or on any informational leaflet contained in the packaging of such product, including regarding—
 - (i) the content, composition and design of a message and its placement on the package, its size and other related details;
 - (ii) information to be displayed with, on or in the packaging of a relevant product, the content, appearance and design of that information and its placement, size and other related details;
 - (iii) the photographs and pictures to be displayed as part of or in addition to any message about effects relating to the use of a relevant product;
 - (iv) the circumstances and manner in which the messages, information, photographs and pictures must be displayed and rotation requirements;
 - (v) information that may not appear on packaging or leaflets; and
 - (vi) the specified date after which a relevant product that does not display the messages and other information required under this Act may not be supplied or sold in the Republic;
- (d) the content, composition and emissions of a relevant product, including—
 - (i) the amount of any substance or ingredient that may be contained in a product or its emissions and the substances or ingredients that may not be contained in a product;
