CONSULTATION ON THE INTENTION TO IDENTIFY GEOGRAPHICAL AREAS OF STRATEGIC IMPORTANCE FOR THE DEVELOPMENT OF LARGE SCALE WIND AND SOLAR PHOTOVOLTAIC ENERGY FACILITIES

I, Barbara Dallas Creecy, Minister of Forestry, Fisheries and the Environment, hereby consult on the intention to identify three geographical areas which are of strategic importance when planning large scale wind and solar photovoltaic energy facilities in terms of section 24(3) of the National Environmental Management Act, 1998 (Act No. 107 of 1998). These areas are called Renewable Energy Development Zones and are identified in the Schedule to this Notice and located on a map included as Appendix 1. These three Renewable Energy Development Zones are additional to the eight Renewable Energy Development Zones published under Government Notice No. 114 in Government Gazette No. 41445 of 16 February 2018.

The environmental attributes associated with these zones were determined through the specialist assessments prepared as part of the Strategic Environmental Assessment for Wind and Solar Photovoltaic Energy in South Africa, 2019 and their associated sensitivity displayed in the various environmental themes on the national web based environmental screening tool.

Members of the public are invited to submit written comments or input, within 30 days after the publication of this Notice in the *Gazette*, to the following address:
